Education

University of Houston-Clear Lake

May 2026

Bachelor's in computer science

Experience

Information Technology Support Specialist

May 2024 – May 2026

University of Houston-Clear Lake

- Coordinated campus-wide computer setup and deployment in collaboration with management, improving system accessibility, usability, and operational efficiency for students and staff.
- Troubleshoot and resolved hardware and software issues for students, faculty, and staff, increasing system reliability and enhancing overall user experience.
- Maintained and supported campus IT infrastructure, including desktops, classroom technology, and printers, ensuring optimal performance, reducing downtime, and supporting daily operations.

Projects

AI-Study Analytics Dashboard | Python, HTML, JavaScript, CSS

May 2026 – Present

- Developed a full-stack study analytics dashboard using Flask and REST APIs to track study sessions and visualize productivity trends through interactive charts and AI-powered recommendations.
- Integrated Chart.js data visualizations to display study activity metrics and weekly productivity statistics in real time.
- Utilized Git and GitHub for version control and project management throughout the development lifecycle.

AI-Powered Health & Fitness Application | Python, OpenAI API

Jan 2026 - April 2026

- Developed a Python-based AI fitness chatbot using OpenAI API and vector search to deliver context-aware workout recommendations, improving response accuracy and personalization.
- Implemented retrieval-augmented generation pipeline by integrating vector database search with LLM responses, enabling real-time, relevant fitness guidance.
- Enhanced application responsiveness by optimizing vector search queries and caching frequently accessed recommendation results.

Professional Development

Co-Founder & Finance Director of ASCI

Aug 2025 – May 2026

University of Houston-Clear Lake

- Managed reserve funds and financial operations, ensuring availability of contingency resources for club activities.
- Maintained accurate financial records, including ledgers, receipts, and documentation, ensuring compliance and transparency.

Volunteer Team Lead

Nov 2021 – Present

Multi-Cultural Center

- Led 20+ volunteers to execute food distribution events, donation drives, and daily operations.
- Increased community participation by 40% through targeted outreach and engagement initiatives.
- Improved event efficiency by streamlining volunteer scheduling and logistics.
